Applied Calculus Hughes Hallett 4th

The fourth edition gives readers the skills to apply calculus on the job. It highlights the applications' connection with real-world concerns. The problems take advantage of computers and graphing calculators to help them think mathematically. The applied exercises challenge them to apply the math they have learned in new ways. This develops ...

Applied Calculus, 6e WileyPLUS + Loose-leaf: Deborah ...

Applied Calculus 5th Edition is praised for the creative and varied conceptual and modeling problems which motivate and challenge students. The 5th Edition of this market leading text exhibits the same strengths from earlier editions including the Rule of Four, an emphasis on concepts and modeling, exposition that students can read and understand and a flexible approach to technology.
