### Grateful Dead Anthology Intermediate Guitartab

That said, it is an intermediate guitar anthology. The way The Dead play(ed) the music is beyond advanced. I enjoy playing from this book knowing that I am not playing it exactly as Bob does. I actually think this is one of the best Dead anthologies available. If I found a book that had the music as it is played I would have perfered it though. I am still searching for a complete anthology, if anyone knows where I can find it please respond to this review.
