account of the history of the world by considering the history of ideas and the human intellectual development. If you're just interested in world history, then Guns, Germs and Steel might be a better start.

## **Ideas: A History of Thought and Invention, from Fire to ...**

The history of ideas is a field of research in history that deals with the expression, preservation, and change of human ideas over time. The history of ideas is a sister-discipline to, or a particular approach within, intellectual history .

## **History of ideas - Wikipedia**

That means that the history of philosophy is treated, in effect, as though it were a dialogue between contemporaries" (HGH 7-8). The history of ideas readily falls prey as well to the worst kind of logomorphism. Indeed, Barfield contends, the history of ideas may owe its very existence as a method to the logomorphic bias of its time of

## **Encyclopedia Barfieldiana: History of Ideas/History of Thought**

The vision of the world presented by a history of ideas is a porous one, in which knowledge and invention cross state borders though their progenitors may not. It is also a cooperative one. No modern discovery can be said to be the work of any one civilization. When America went to the moon, so too did the Hindus, Arabs, Greeks and Chinese. In an age preoccupied with “the clash of civilizations,” this is an important lesson – and Watson’s Ideas an important book to hold on to.

A World History of Political Thought is an outstanding and innovative work with profound significance for the study of the history of political thought, providing a wide-ranging, detailed and global overview of political thought from 600 BC to the 21st century. Treating both western and non-western systems of political thought as equal and placing them as they should be; side by side.
