Simple Science For Homeschooling High

Whether science is your passion or the bane of your existence, let me show you how to make science simple in your homeschool. You CAN encourage the love of learning, and help your children enjoy science.

Simple Science for Homeschooling High School

Teaching High School Science isn't Rocket Science! You don't have to work at NASA to teach your teens effectively! "Houston, we have a problem!"

Homeschool parents often approach teaching high school science as if being asked to build the space shuttle. But teaching your kids science doesn't require a PhD. All it requires is a willing heart, an organized approach, and some simple facilitation skills. There is no reason for science to be scary.
