The National Center for Learning Disabilities presents examples of accommodations that allow students with learning disabilities to show what they know without giving them an unfair advantage. Accommodations are divided into the following categories: how information is presented to the student, how the student can respond, timing of tests and lessons, the learning environment, and test scheduling.

## **Accommodations for Students with LD | Reading Rockets**

Individualized accommodations are put in place to help learners at risk and students with special needs to have success in their IEP or academic program. Typically, accommodations are listed in the student's IEP. Here is a list of suggestions for accommodations for a variety of disabilities:

### **A List of Typical Special Ed. Accommodations**

Use nonverbal signals to engage a student who seems to be losing focus. Encourage the student to email questions or concerns later if it's hard to come up with them during class. Provide a quiet space for tests so the student can talk through the questions without disrupting others. Give extended time for tests.

### **Classroom Accommodations for Slow Processing Speed**

It's not uncommon for students who learn and think differently to also struggle with anxiety. They might worry a lot or be withdrawn at school. They may hesitate to participate in the classroom, make frequent trips to the bathroom or the nurse's office, or even refuse to go to school at all. All of this can get in the way of learning.
