### **The Unsettling Of America Culture**

The Unsettling of America is an important piece of writing that all environmentally minded people should read. Berry provides an excellent starting point for thinking about where culture and the environment intersect, as it occurs much more often than people might believe. Exploring the agricultural and environmental crises through a cultural lens is the only way we can ever hope to tackle such massive problems. Berry understands that, and articulates it well in this book.

domestic cultures. They have always said that what they destroyed was outdated, provincial, and contemptible. And with alarming frequency they have been believed and trusted by their victims, especially when their victims were other white people. If there is any law that has been consistently operative in American history, it is that the
